

Amendments to the Specification

Please replace the paragraph starting at Page 16, line 15, and continuing through Page 16, line 25, with the following amended paragraph:

An example of the displayed image of the third digital signature file is shown in Fig. 14, ~~which illustrates multiplexed digital signatures~~. A display frame 1401 denotes the range of the signature object of the first digital signature 1201. Signature information 1402 is the information relating to the signature analyzing result of the first digital signature 1201. Similarly, a display frame 1403 denotes the range of the signature object of the second digital signature 1203 and signature information 1404 is information relating to the signature analyzing result of the second digital signature 1203.
